SECTION 2.

Section 144-123 of Chapter 144 captioned "General Requirements for All Districts", Sub-Section R captioned "Pastoral Animals" is repealed and replaced with a new Sub-Section R captioned "Pastoral Animals" to read as follows:

R. Pastoral Animals

(1) Pastoral animals. Pastoral animals may be maintained in any district, provided that the pastoral animal chart, attached hereto and incorporated by reference herein, is adhered to and further provided that any such animal must be provided with a stable with a roof at least 100 square feet per animal, or coop large enough to house all animals from the elements and further provided that said stable or coop shall conform to the requirements below.

(2) General Requirements.

- (a) All pastoral animals must be maintained within a fenced enclosure. The fence must be reasonably designed to maintain the animal(s) within the fenced enclosure.
- (b) A grazing area not closer than twenty-five feet to any property line shall be provided.
- (c) In addition to the requirements herein for all pastoral animals, the stable or coop required to be constructed hereinabove must be built and maintained so as not to create offensive odors, fly breeding or other nuisances; manure must be collected and maintained in a sanitary manner so as to prevent offensive odors, fly breeding or other nuisances.

- (d) All pastoral animal uses existing as of the date of this chapter, which do not comply with the acreage requirements, setback requirements and/or coop size requirements of this chapter, are hereby declared to be preexisting nonconforming uses and are permitted to continue as such without any expansion or enlargement of said nonconforming use. All other requirements of this chapter apply.
- (e) Each presently existing nonconforming use which is permitted to continue as a result of the provisions of the above is hereby presumed to be abandoned by the owner or occupant of said property upon conviction in the Mullica Township Municipal Court or other court of competent jurisdiction of three separate offenses within any three-year period of time, which offenses involve the violation of any provision of the pastoral animal section of this chapter or amendments thereto or the violation of any health ordinance or other regulatory ordinance pertaining to pastoral animals, whether such ordinance exists at present or is adopted hereafter. In the event that any such owner or occupier is convicted of three offenses of any of the above-mentioned ordinances within a three-year period of time, then the Code Enforcement Officer shall notify such owner or occupier that his/her nonconforming use is presumed to be abandoned and that the pastoral animal use represents a violation of this Chapter; and a notice of abatement of such violation shall be issued to the owner or occupier of said property in accordance with the applicable provisions of the land use Chapter.
- (f) The housing of pastoral animals shall comply with the following standards:
- i. The animal unit shall be sheltered in a structure located at least 50 feet from a residential building and 50 feet from any property line.
 - ii. Each large animal must be provided with a box stall or straight stall. No keeping of animals shall be permitted in horse travel trailers.
 - iii. Any structure erected shall be further regulated according to the following:

 - (b) A minimum floor area of the barn shall be 125 square feet.
 - (c) An enclosed roofed storage area must be provided for hay, straw, feed and tack.
 - (d) Barns and coops must be located in the rear or side yard area of the property and not extend into the front yard setback.
 - (e) An adequate supply of feed and non-stagnant drinking water shall be maintained.

Further, manure disposal must cause no nuisance and be at least 50 feet from any property line and no closer than 200 feet from any other existing residential purpose, permanent building or structure, attached garage, swimming pool, tennis court or patio located on adjoining properties. Further, the manure must be collected

from the barn area and maintained or disposed of in a sanitary manner. If stored, a covered enclosure or covered pit shall be provided to prevent offensive odors, fly breeding and other nuisances.

- (g) The preceding housing requirements shall specifically exclude the keeping of domestic animals for boarding, training, sale and resale; however, such activities are not in connection with the pursuit of agricultural use and do not relate to animals clearly related to the principal residential use and its occupants.
- (h) The providing of riding lessons or instructions, leasing of horses or other similar activities or boarding or housing other individual's animals is permitted with site plan approval. This shall, however, not preclude a riding instructor visiting the private residence to give lessons to members of that household.

(3) General Regulations Applicable to all Animals.
